

Padlock ^{PLUS}

Complete AMS Water Conditioners, Drift Control, 90-10 Surfactant

GENERAL INFORMATION

Padlock PLUS combines a blend of water conditioning agents including AMS while simultaneously controlling drift and being fully compatible with glyphosate. This combination provides a distinct advantage over other water conditioners. The rewards with Padlock PLUS grow when you consider all the beneficial products bundled together in this water conditioning blend. With Padlock PLUS you get the speed and quick mixing of spray grade liquid AMS, nonionic surfactant, and our industry best Padlock drift control.

HANDLING AND STORAGE

Harmful if inhaled or absorbed through skin. Avoid contact with skin, eyes, or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco. Remove and wash contaminated clothing before reuse. Personal Protective Equipment: Wear chemical-resistant gloves, long-sleeved shirt and long pant, and shoes plus socks. Store in a well-ventilated place. Keep container tightly closed.

CAUTION: KEEP OUT OF REACH OF CHILDREN

May cause skin and eye irritation. Avoid eye and skin contact. Do not take internally.

DIRECTIONS FOR USE

Add Padlock PLUS first to agitating tank. For use with herbicides (including desiccants, insecticides, and fungicides). Prior to use, read all directions chemical label directions, and directions on this label. Padlock PLUS is not intended as a substitute for good agronomic practices, and sound application techniques must be used when spraying.

Seller makes no warranty of fitness or merchantability. Buyer agrees that sellers maximum liability shall not exceed the purchase price of this product.

FIRST AID

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.
IF INHALED: move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
IF IN EYES: hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
IF INGESTED: call Poison Control Center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF EXPOSED OR CONCERNED: Get medical advice/attention if you feel unwell. Immediately call a POISON CONTROL CENTER: 800-222-1222.

NET CONTENTS:

2.5 U.S. GALLONS (9.46 L)

RATE OF PADLOCK PLUS

- The application rate is 1-8 quarts per 100 gallons spray solution, depending on water hardness, wind speed, and other weather conditions.
- 1 gallon per 100 gallons has demonstrated better performance than 8 pounds of AMS.
- Additional amounts of AMS might need to be added depending on label and percentage of water hardness.

Important: This product has demonstrated excellent plant safety; however, not all species and varieties have been tested. Before treating a large area, treat a small area and observe prior to full scale application.
