

SAFETY DATA SHEET

DATE REVISED: 10/15/20

SDS NUMBER: 10442

1. PRODUCT AND COMPANY IDENTIFICATION

PRODUCT NAME: Condense+DRA
DESCRIPTION: Agricultural Adjuvant

MANUFACTURER: EGE Products
450 CR C
Minneola, KS 67865

EMERGENCY CONTACT: In the event of chemical emergencies involving a spill, leak, fire exposure, or accident involving chemicals – call **EGE Products 620-450-4320**

2. HAZARDS IDENTIFICATION

GHS CLASSIFICATIONS

Health:

Acute toxicity:

Oral (category 5) – may be harmful if swallowed

Dermal (category 5) – may be harmful in contact with skin

Inhalation (category 5) – may be harmful if inhaled

Skin irritation (category 3) – causes mild skin irritation

Serious eye damage / eye irritation (category 2b) – causes eye irritation

GHS Label:

Signal Word: WARNING

Precautionary Statements:

General:

If medical advice is needed, have product container or label at hand.

Keep out of reach of children.

Read label before use.

Avoid breathing fumes, mist, vapors, or spray.

Wash hands, face, and other affected areas thoroughly after handling.

Do not eat, drink, or smoke when using this product.

Use only outdoors or in a well ventilated area.

Wear protective gloves / protective clothing / eye protection / face protection.

Response:

IF SWALLOWED: Call a POISON CENTER or doctor / physician / seek medical attention if you feel unwell. Rinse mouth.

IF ON SKIN: Call a POISON CENTER or doctor / physician / seek medical attention if you feel unwell. Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water.

If skin irritation occurs: get medical advice or attention.

IF INHALED: Call a POISON CENTER / doctor / seek medical attention if you feel unwell. Remove person to fresh air and keep comfortable for breathing.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing.

If eye irritation persists: Get medical advice / attention.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Components	CAS Number	Percentage
Proprietary blend of water conditioning agent(s)/surfactant(s)/polymer	N/A	100%

4. FIRST AID MEASURES

EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

SKIN: Remove contaminated clothing. Rinse skin with plenty of soap and water for 15-20 minutes. Call a doctor / physician if irritation occurs.

INHALED: After vapor exposure, remove to fresh air. Call a physician if breathing difficulties or irritation persists.

INGESTION: Call a poison control center or doctor immediately for treatment advice. Have the person rinse mouth with water. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

5. FIRE FIGHTING MEASURES

EXTINGUISHING MEDIA: dry chemical, foam or carbon dioxide (CO₂).

FIRE FIGHTING PROCEDURES: Fight fire from a safe distance and protected location. Fight fire upwind to avoid hazardous vapors and decomposing products. Heat may build pressure and rupture closed containers, spreading fire and increasing the risk of injury. Water may be ineffective in fire fighting. Use water spray/fog for cooling containers and firefighters. Notify proper authorities if liquid material enters the sewer or public waters.

FIRE FIGHTING EQUIPMENT: As with any fire, wear self-contained breathing apparatus pressure demand, (MSHA/NIOSH approved or equivalent) and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

SPILL AND LEAK RESPONSE: Uncontrolled releases should be responded to by trained personnel using pre-planned procedures. Proper protective equipment should be used. In case of a spill, clear the affected area, protect people, and respond with trained personnel.

PERSONAL PROTECTIVE EQUIPMENT: For incidental releases use impermeable gloves, goggles, face shield, and appropriate body protection. In the event of a large release, use impermeable gloves, chemically resistant suit and boots, and hard hat. Self-Contained Breathing Apparatus or respirator may be required where engineering controls are not adequate or conditions for potential exposure exist. When respirators are required, select NIOSH/MSHA approved based on actual or potential airborne concentrations in accordance with the latest OSHA and/or ANSI recommendations.

ENVIRONMENTAL PRECAUTIONS: Stop spill at source. Construct temporary dikes of dirt, sand, or appropriate readily available material to prevent spreading of material. Close cap or valves and/or block or plug hole in leaking container and transfer to another container. Keep from entering storm sewers and ditches which lead to waterways, and if necessary, call the local fire or police department for immediate assistance.

CONTAINMENT AND CLEANUP: Spilled material is slippery. Neutralize spill with soda ash or lime. Absorb spilled liquid with polypads or other absorbent materials. Clean up with non-combustible absorbent (such as sand or soil). Shovel up and place all spill residue in suitable containers. Use detergent if needed. Dispose of at an appropriate waste disposal facility according to current applicable laws and regulations and product characteristics at time of disposal.

7. HANDLING AND STORAGE

HANDLING: Follow all SDS / label precautions when using this product. Do not reuse the container.

STORAGE: Store in a cool, dry, well ventilated area.

13. DISPOSAL CONSIDERATIONS

DISPOSAL METHOD: Do not contaminate water, food, or feed by disposal.

PRODUCT DISPOSAL: Disposal of contents / container must be in compliance with local, state, and federal laws and regulations (contact local or state environmental agency for specific rules).

EMPTY CONTAINER: Empty containers must be handled properly due to product residue.

14. TRANSPORTATION INFORMATION

SHIPPING DESCRIPTION: Not regulated for ground transportation by US DOT

15. REGULATORY INFORMATION

National Fire Protection Association Rating:

Health:1 Fire:1 Reactivity:1
Rating Level: (4-Extreme 3-High 2-Moderate 1-Slight 0-Minimum)

SARA TITLE III (Superfund Amendments and Reauthorization Act)

311 / 312 Hazard Categories – To the best of our knowledge there are no chemicals at levels which require reporting under this statute.

313 Reportable Ingredients - To the best of our knowledge there are no chemicals at levels which require reporting under this statute.

302 / 304 Emergency Planning – To the best of our knowledge there are no chemicals at levels which require reporting under this statute.

CALIFORNIA SAFE DRINKING WATER & TOXIC ENFORCEMENT ACT (PROPOSITION 65) – This product contains no chemicals known to the state of California to cause cancer or reproductive toxicity.

TRACE ELEMENTS: Trace ingredients (if any) are present in 1 concentration (0.1 for potential carcinogens reproductive toxins respiratory tract mutagens and sensitizers). None of the trace ingredients contribute a significant additional hazard at the concentrations that may be present in this product. All pertinent hazard information has been provided in this document per the requirements of the Federal Occupational Safety and Health Administration Standard (29 CFR 1910.1200) US State equivalents and Canadian Hazardous Material Identification System Standard (CPR 4)
